## THANK YOU!

An immeasurable Gift we have been given in Christ Jesus!!!  
 He giving His everything for a people who deserve nothing.  
 We offer up sin and shame and Jesus offers us salvation.  
 The hopeless becoming the held and the helped, because of  
 His sacrifice.  
 In the end His children being rewarded for a work they never  
 did.  
 Amazing Grace.  
 An immeasurable Gift!

1 Corinthians 1:30 CHRIST JESUS-- who became for me  
 wisdom and righteousness and sanctification and redemption.

**IN CHRIST,  
 THE ENDLESS TEAM**

# AUGUST UPDATES

## BORN TO SHINE (BTS)

Our Saturday meetings with our young teens is continuing on well! Every Saturday they come mid-afternoon and we have devotions, tea and bread, and some fun! We have around 30 who attend regularly. We are still in the teaching of prominent Old Testament stories. Saturday the 12th we are excited to be able to take them out for the afternoon. Lord willing, we will be visiting Nairobi Safari Walk. It is a cool walk through with various enclosures with animals. The baboons roam unchecked so you have to watch your bags!!

## SCHOOL MINISTRY

Weekly we visit four, sometimes five different schools to share devotions. All the schools are in Kibera and within walking distance of our office! In Kenya, thankfully, we still have the opportunity to share Jesus in schools! The children are always so enthusiastic! We always start with some singing before we settle in for devotions. Some of newly graduated ex-cans have started joining and are learning the ropes!

## FEEDING PROGRAM

Last Saturday we held our feeding program at Tumaini School. This Friday we will be doing something a bit different and visiting a school during a school day and cooking them a meal and having a session of devotions and games!

We have a committed feeding program team who show up early and give their all!! They cook the food, teach the lessons and encourage the fun! We are so blessed to be surrounded by such enthusiastic and hard working young people. All of the Endless programs would not happen if it were not for our awesome crew of volunteers, all of whom have come up through our various programs themselves.

# AUGUST UPDATES

## EX-CANS

We had sessions for five days and four nights at the end of June as we wrapped up our 2023 Ex-Cans class with a camp. We had a team visiting here from Pennsylvania, so it was extra exciting. The theme was 1 Corinthians 13:13. We had sessions on FAITH, HOPE, and LOVE. And every morning we had devotions through 1 Timothy. The rest of the day was filled with music, games, and fun! Everyone completely enjoyed themselves and we left with full hearts and tired bodies. The camp provided great meals and everyone got plenty to eat. The testimonies from the Ex-Can class and graduation were moving and encouraging! We thank God for this awesome privilege of walking with young people as they start their adult life. None of us have all the answers but it is our greatest desire to point them to Jesus, the One who does!

## KADONGO

Life in the village has been busy lately! It has been the time for maize harvesting so the whole place is busy harvesting and storing or selling. In the midst of all of that John and Chami have been continuing with the weekly Bible Study and feeding program. John has also been invited to share devotions at two different local schools!

# AUGUST UPDATES

## GIRLS PROGRAM

Last month our girls program (Selfie Sisters) held a program at Miracle and Victory school. They talked with the young ladies and handed out 65 packages of pads. We were happy to be able to include two reusable pads in each package. They discussed parent and children relationships and had devotions with them.

Thank you to the awesome ladies in Indiana who took the time to make the reusable pads!!

## BOYS PROGRAM

The Selfie Sisters leaders have been pestering our young men to start a boys program for some time, then, the last time they visited Miracle and Victory School, the school also requested if Endless can be sending a boys team. We are happy to share that our young men agreed and have now gone to the school twice to share. They haven't come up with an official name yet, but we are happy that they are out sharing Jesus and encouraging boys!

## YOUNG ADULTS CLASS

This is our newest venture at Endless! We have started a weekly class for all our former ex cans who are available and want to come. Lots of them don't know what to do when they graduate as they wait for a job or school opportunity. We decided to start meeting once a week for one hour and dive deeper into relevant topics. We begin with devotions and then teach on the topic of the day. The main topics include finances, marriage and dating, addictions, family life, and career options. We also throw in some fun things like making rag rugs. After class we enjoy tea and bread and they are encouraged to join us for the ministry of that day. We just wanted to provide a platform to continue the journey together for those who are interested!

# AUGUST UPDATES

## SPORTS MONISTRY

Our Endless FC team plays games every weekend on either Saturday or Sunday afternoon. They play hard, ball and dust flying around, sometimes we win and sometimes we don't. We have an older mentor who has been doing a good job coaching them, we are thankful for his time and guidance!

## WEEKLY FELLOWSHIP

Every Tuesday evening Endless Frontier partners with our friends at Tunedem, and hold a bible study. We enjoy a time of worship followed by bible study and a snack. The numbers have recently been growing and we are so thankful for so many young people who want to come and hear more about Jesus!

Every Friday evening, we hold prayers. It is a time of sharing burdens and looking to Jesus!

## VISITING TEAM

At the end of June we had five amazing brothers and sisters visit us from Pennsylvania. It is the first team we have come for several years and it was so much fun!! They jumped right in to ministry, preaching and sharing with every chance! We are so grateful for them and all that went in to making their trip possible! Our young people love the chance to rub shoulders and be taught by new faces and it is ten days that we will all remember for the rest of our lives!!

## BUILDING PROJECT

We are still looking for a good place to buy around where our current office is. There is one property that we really want, but we are waiting for the family who owns it to all agree on the sale and how much they would want for it. Our current finances available for purchasing is \$61,985.85. That would just cover or come close to covering a simple small property, without any renovations. So we are keeping our eyes and ears open and trusting God will bring us to the place we are supposed to be!

## TEN YEAR ANNIVERSARY

This month of August marks ten years since Chami and I (Holly) moved here to Kenya and joined the rest of the team in serving the people of Kibera. What an amazing journey thus far. It is all because of Jesus!! We wouldn't be here without Him. The rest of this year we will be remembering the journey we have had so far on our social media accounts As a team we hope to have a celebration before the year ends.

# AUGUST UPDATES

Thank you to each one of you who have been praying for us and supporting Endless! Because of Jesus and the family of Christ we are able to serve so many young people here. The young people when they encounter Jesus, are shining His light in homes all over Kibera! We want to praise God and say that all of this is because of Him!!
