

Endless Frontier

*Live in FAITH
and be filled
with HOPE and
discover
PATIENCE.*

BY HOLLY WAFULA

FAITH

Faith in God.
Faith in God unshakable, unmovable,
unchangeable.
Faith in the finished work of Jesus
Christ.
Faith that IT IS FINISHED.
FAITH producing HOPE.

HOPE

Hope in Jesus Christ.
Hope that He who promises will also
perform.
Hope that our Redeemer will redeem.
Hope that our Saviour will save.
HOPE producing PATIENCE.

PATIENCE

Patience to wait for His will.
Patience to rest while He works.
Patience in the process that brings to
pass His promises.

*"Therefore, my
dear brothers
and sisters,
stand firm.
Let nothing move
you. Always
give yourselves
fully to the work
of the Lord,
because you
know that your
labor in the
Lord is not in
vain."*

1 CORINTHIANS 15:58

Born to Shine

(BTS)

Our Born To Shine theme for the first quarter of this year is “Identity in Christ” from Ephesians 2:1-11. We are able to meet with our youngsters every Saturday afternoon for devotions and a snack with fun days thrown in monthly.

When we are able to meet together week after week it really establishes a relationship and trust with these teens and upcoming teens.

Life is challenging, and the environment they are being raised in is a difficult one, but God is never limited by such things. It is our prayer that these young souls would be saved, set free, and empowered for the life that lies ahead of them!

Feeding Program

We held our first Saturday feeding program on February 24th. It was an amazing day serving, and we were able to serve over 600 children. We are excited to kick off the program for the year. Our goal is to divide the year into semesters and serve the same 6

schools each semester.

We will be able to reach to various areas of Kibera, but also be revisiting throughout the year to maintain and grow the exposure these children have to the Word of God. Our feeding program crew is an excellent one, the lessons are good, the hype sessions are fun, and the food is delicious.

Listen Up

Our boys' mentorship team is excited for the new year and the fresh opportunity to serve young boys as they make the journey to becoming men. Recently they shared their vision, and it was so encouraging to hear. They said they want to be like "elder brothers", encouraging, leading, and serving their younger brothers as they grow.

They come from the same environment and have faced the same challenges as the teenage boys they will be reaching, and so have a lot of advice and life lessons they can share. A curriculum is being developed for them to use as they teach both in schools and at our office during school holidays.

"Therefore, my dear brothers and sisters, stand firm. Let nothing move you. Always give yourselves fully to the work of the Lord, because you know that your labor in the Lord is not in vain."

Shamiri Girls

We are happy to introduce the new name for our girls mentorship program. “Shamiri” is a Swahili word that means to thrive, or flourish. What better word is there to describe the desire that we have for these young girls and upcoming ladies, We pray that they would thrive and flourish in the ways of King Jesus! We had a desire to develop a curriculum for our program and we have been so blessed by several women in the US who have given of their time to pray and produce part of our curriculum.

We are approaching the curriculum development with the belief that Jesus is The Way, The Truth, and The Life and He is the One who we all need. When He gains the heart is when change happens and can happen in every other area of life. We will continue writing lessons until they are complete and then look forward to compiling them in a book that we can use and share with others who are interested. Our mentorship leaders will be visiting the same school weekly to share with Junior High girls and on school holidays we will hold weekly mentorship sessions at the office for teens.

Kinship 145

Kinship 145 is our new name for our Ex Cans program. Throughout the year of 2023 we were discussing renaming this discipleship and mentorship program for recent graduates. Kinship was chosen because it communicates our desire to bring these young adults into a family. We want to be a family to them where they can find relationship, encouragement, and discipleship. 145 comes from Psalm 145:4 which says, "One generation shall praise Your works to another, and shall declare Your mighty acts." That is our desire and prayer.

Our classes kicked off in January and we have a fluctuating number of 80-90 young adults who have been attending. To start off the program we are teaching through a discipleship

book and having lessons on character development. On Fridays we are inviting guests to come and share their stories to offer hope and inspiration. This week we are holding our first cooking class and look forward to making and eating donuts!

In the course of the next several months we hope to continue with the discipleship and character development lessons while adding a number of other activities and teachings! Last week we had a fun opportunity through another organization to spend the day at a Boys Scouts camp playing games and being encouraged in the Lord by visitors from abroad. Days like this at the beginning of our program help us all get more comfortable with each other and break the ice.

We invite you to follow along on our weekly classes on our Facebook and Instagram.

School Ministry

So far this year we have been invited to teach at 5 schools every week. Our staff and volunteers spread out between the classes and we have 30-45 minutes lessons once a week. For the first part of this year we are teaching through the parables that Jesus taught.

At the beginning of every week the particular parable is communicated and then we have to format it to fit each age group. We have an amazing group of volunteers who have stepped up in a big way to make reaching these many students possible. The students are always relieved to have a break from their studies and we pray that seeds are planted that will bring forth fruit!!

"Therefore, my dear brothers and sisters, stand firm. Let nothing move you. Always give yourselves fully to the work of the Lord, because you know that your labor in the Lord is not in vain."

Bible Study

Every Tuesday evening from 5-7 you can find a group of all ages gathered studying God's word together. This is a joint Bible Study with our family in the Lord from Tunedem Foundation.

Every week there is a different leader who shares, and we also have a time of prayer and worship. It is always a blessing to see the young people showing up to learn from The Word. We cherish the promise that those who hunger and thirst for righteousness WILL be filled!

Kadongo

John and Chami are faithfully sharing the gospel and the love of God in the village where they live. This year they are continuing with their Saturday program that alternates between a feeding program and a Bible Study. Last year they were able to bless a number of students with school supplies and school fees thanks to a donation made for that purpose. Since this time of sharing, they have been approached by many more families seeking help. Their presence in the community is being felt and you can pray with us,

and them, that God would continue His good work, and lives would be transformed from the inside out through Jesus Christ!

This year we hope to purchase a tent so that the programs can be held closer to their house. Currently the programs are held at a local church and they have to carry all the food and material there. If we are able to purchase a tent it would really ease this burden and make ministry easier. This year John plans on attending a few local schools for school ministry and Chami is looking forward to beginning a mentorship program for teen girls.

Thank You!

Thank you! Thank you to you who pray, and give, and encourage, and share!! We know it all comes from God and we pray all the glory returns to Him!

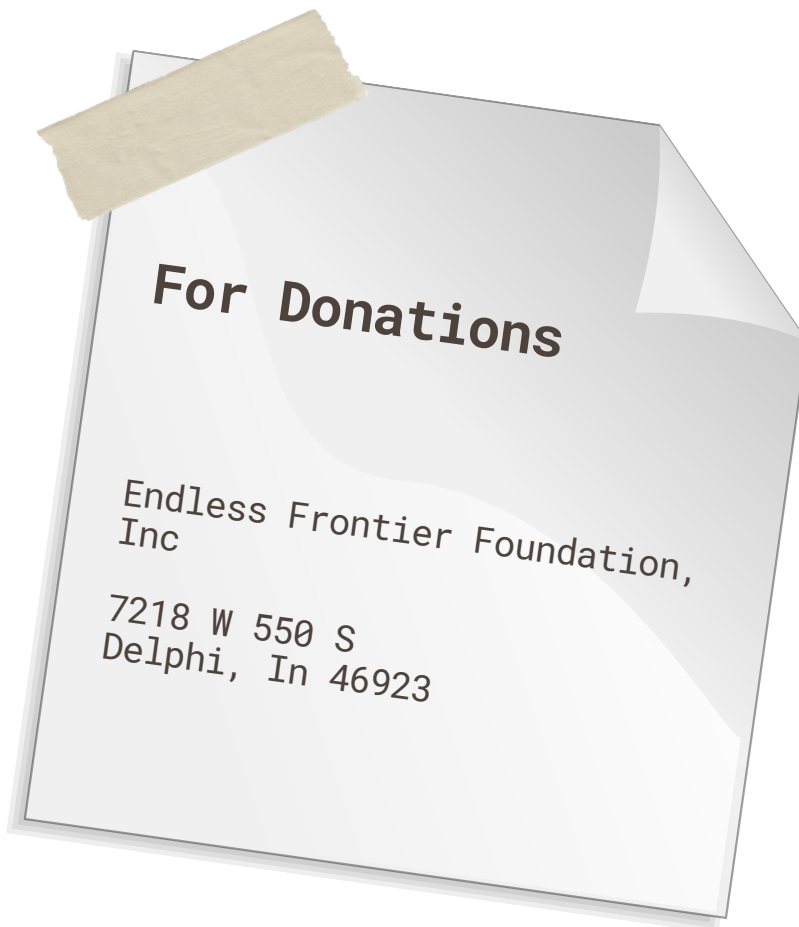

A Few weeks ago our staff spent two days together discussing the 2024 year and what our prayers and desires were for each one of our programs. It is truly amazing to be entering our eleventh year together. The programs vary and reach different age groups, but our deepest desire in each program is to share The Gospel of our Lord Jesus Christ and point everyone we can to The Way, The Truth, and The Life!

His name is Jesus and we have found He is our only hope and we believe He is hope of those we serve. We don't know exactly what this year may hold, but we know who holds it, and we look to Him!

If you, you and your family, or you and your church, would like to visit us this year, please contact us!! We would love to have you!

Thank you for all of your love and care.

The Endless Team

"Therefore, my dear brothers and sisters, stand firm. Let nothing move you. Always give yourselves fully to the work of the Lord, because you know that your labor in the Lord is not in vain."
